MEMORANDUM FOR: Deputy Director of Central Intelligence

VIA: Deputy Director, Intelligence Community Staff

FROM:
                  Chairman

SUBJECT: Foreign Language Committee Monthly Report - January 1985

                                                                            25X1

     1. The Executive Secretary and [   ]ICS/PBS), who is
creating the data base of both active duty and reserve Community linguists,
briefed the Interagency Language Round Table on the role of the Foreign
Language Committee (FLC). We emphasized our efforts to have an accurate
and current roster of linguists with knowledge of the languages of the
Soviet nationalities and of the native languages of the Pacific basin,
Africa, and the Middle East. Of particular value, were the contacts we
made in US Government agencies with linguistic competence (such as the
Agency for International Development) whose personnel are not now in our
data base. We shall explore with them the feasibility of including them in
our register of current assets. (U)

     2. We have reviewed Community capabilities in Farsi and the native
languages of the Philippines and plan to issue a brief report to the
Director of the Intelligence Community Staff on our findings. (S)

     3. The FLC, at the request of NSA, arranged for the Defense Language
Institute's Foreign Language Center (DLI/FLC) in Monterey for an NSA
employee in a sensitive position to attend a commercial language school in
the Washington area
